RE: Agenda Submission Memo For Two (2) New 150KW Generators

---

The attached BOCC agenda item is to purchase two (2) new Portable Emergency Generators to replace two (2) existing units, which are outdated and beyond economical repair.

After thorough review, it was determined four (4) of the bids received did not meet the County's minimum specification in areas such as housing rust/corrosion resistance, fuel capacity/run time, engine size, etc.

After reviewing the bid from Florida Detroit Diesel-Allison, it was determined their bid meets or exceeds all our requirements.

The Fleet Management Department's recommendation is for the County to provide a purchase order to purchase two (2) new 150KW Emergency Generators from Florida Detroit Diesel-Allison in the total amount of \$97,350.00.

Thank you.
